F1 DRIVING EXPERIENCE

BE AN F1 DRIVER FOR A DAY

FROM F4 TO F1 IN ONE DAY

INSTEAD OF 5 YEARS FOR A TALENTED YOUNG DRIVER

WINFIELD RACING SCHOOL is the only racing school in the world to allow customers with NO TRACK EXPERIENCE to drive a truly modern Formula 1 car operated by an F1 team.

It's unique in the world and it's at CIRCUIT PAUL RICARD, Le Castellet, France.

A day of complete immersion in the world of an F1 driver, discovering all aspects of this sport and of the profession both in and out of the car.

An exclusive experience providing thrills and emotion.

WATCH THE VIDEO:

”

THEY'VE DONE IT:

« The *craziest event* on earth. »

« Formule 1 gives access to *sensations that no other ground vehicle can provide*, that day was just *incredible*. »

« The *greatest driving memory* of my life. »

« Our guests returned home bearing the emotions of an *exceptional experience* which will remain with them for the rest of their lives. »

« Today was *unique, unbelievable, unforgettable*. »

A PARTNERSHIP WITH ALPINE F1 TEAM

In 2017, WINFIELD RACING SCHOOL signs an important partnership for the brand and becomes the Official Driving Experience Partner of ALPINE F1 TEAM for all the F1 driving programmes of the Team.

With a long partnership started in the 70s and based on the common experience in driving training, Alpine and Winfield wished to unite again by offering together exceptional driving programmes to motorsport enthusiasts and professional drivers alike.

The partnership enables participants to drive a V8 Formula 1 car, The cars used are the real F1 cars as driven in 2012 by [Kimi Raikkonen](#) and Romain Grosjean, including the [winning chassis of Abu Dhabi GP 2012](#).

Driving an F1 car is the dream of many people. Thanks to the excellent know-how of Winfield in terms of pedagogy and the impressive technical expertise of Alpine F1 Team, Alpine and Winfield make together the dream comes true. More than 45 staff fully dedicated to the programme will take care of the participants: 20 crew members of Alpine F1, driving instructors, mechanics, engineers, professional drivers, physiotherapists, hostesses...

A UNIQUE MARKETING TOOL FOR CORPORATES

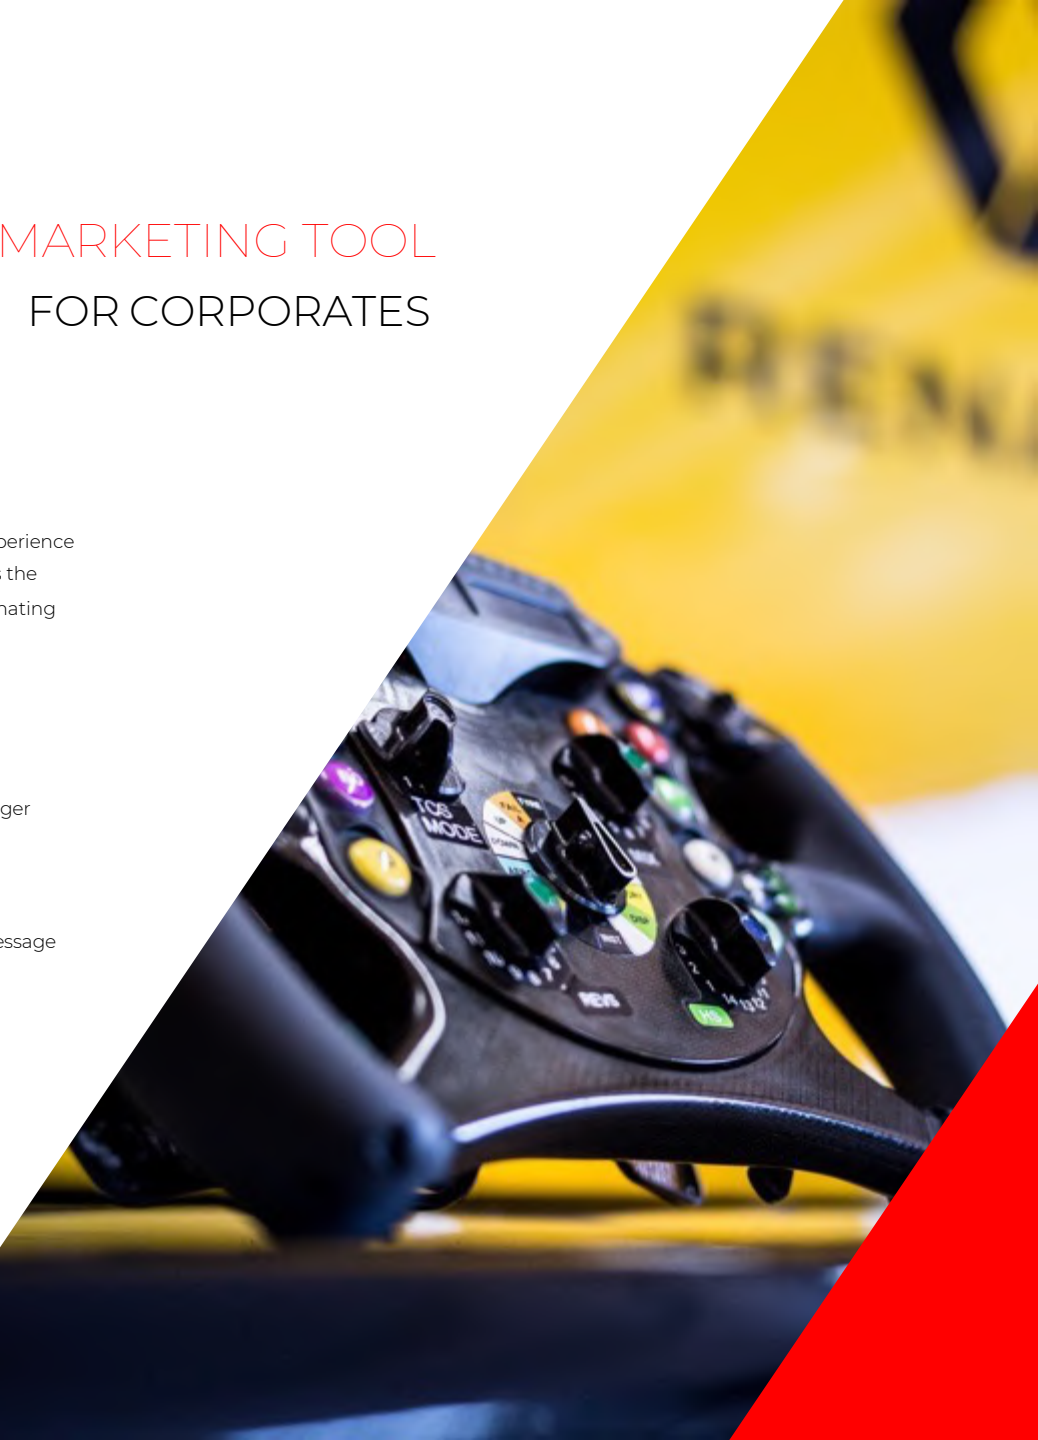

The F1 Driving Experience is a **360° Marketing tool**:

An **ACTIVATION** tool by giving to the guests the incredible experience of being actors of an F1 event and not only spectators. It allows the guests to immerse themselves in the professional drivers fascinating environment.

A **COMMUNICATION** tool by creating pertinent content for social medias and/or other medias.

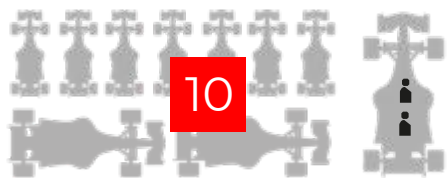

A **COMMERCIAL** tool to attract new sponsors and partners eager to innovate on their activation platforms.

Nowadays, it is also a **GLOBAL** tool to show the sporting and technological implications of a brand and to deliver the key message about F1 and Global Motorsport: a true Worldwide Sport using advanced Technologies.

WORKSHOPS

AND ACTIVITIES

GENERAL AND SAFETY BRIEFING

Welcome words about the F1 Driving Experience. General information about FIA rules applicable on track such as flags, race control and safety rules.

DRIVING BRIEFINGS

Before going out on track (F4 and F1), all guests are taught by the Winfield instructors the basics of a single-seater car driving, including operating a sequential gearbox, car positioning, brake forces, steering wheel functions and starting procedures.

PHYSIOS SESSIONS & MENTAL PREPARATION

Driving a racing car requires a significant amount of exertion with drivers experiencing up to four-times the force of gravity on their necks. All guests will therefore experience a race driver physiotherapy session with professional trainers through several workshops : preparation for driving, muscles toning, reflex and concentration testing with Batak Pro machine, mental preparation and post-driving stretching.

TELEMETRY ANALYSIS

After each sessions (F4 and F1) and like real race drivers, the Winfield engineers will analyse the personal data of the guests. Improvements can then be made and drivers compared before the afternoon session.

TRACK RECCEE LAPS

Dispatched in groups, guests will discover the track with their instructor for 3 laps before the first driving session of the day.

F1 DRIVING POSITION

In the morning, each guest will seat in one of the F1 chassis to find his position. The F1 Team will be able to measure his physical ability to steer and his braking force as well as to teach safety actions such as exiting the car. The safety of each participant takes top priority during the event.

SAMPLE OF TIMETABLE

07.00	Transfers from the hotel to the track
07.10	CHANGING ROOM Each guest find his individual racing kit ready in his personalized locker
